MARWAN MOHAMED

Full-stack Developer

About

Passionate Web Developer with knowledge in various technologies with more than two years experience in React/Node. Seeking an opportunity where I can utilize my skills and knowledge to gain further experience.

Experience

- *Egyptian Air Force*, **Cairo** | April2020 - August 2022
  Software Engineer

  Worked on many projects with a huge database using SQL server and MongoDB, so I gained a huge experience in data manipulating using queries and procedures. Creating professional projects using (JavaScript-jQuery-PHP-SQL server) or (React/Redux - Node - Express - MongoDB) with (Bootstrap - tailwind) for a responsive and good-looking applications. Gaining a great experience in (authentication - Authorization- JsonWebTokens - local storage - cookies)

Education

- **2015 – 2016**   *Faculty of engineering Helwan University, Mataria branch*
  Grade (91%). The **2nd** in the ranking

- **2016 – 2020**   *Faculty of engineering, Cairo University (Aerospace department)*
